

# BLUEBELL'S BULLETIN

END OF TERM 4 2025

[WWW.BLUEBELLSKIPPERS.COM.AU](http://WWW.BLUEBELLSKIPPERS.COM.AU)

## END OF YEAR BBQ!!

It has been an amazing first year for us all! We couldn't have imagined that this is what the Bluebell Skippers community looks like and can only thank you all for being involved. We have loved getting to know each of you - thanks for an amazing year!

# EVENTS

## HEART FOUNDATION EVENT

We participated in the finale event to celebrate the end of the Heart Foundation program called 'Skipping for Healthy Hearts'. This program has helped our club so much this year - from covering the cost of ropes to venue hire.

It was a full circle moment to be able to attend the workshop with some of our athletes!

## TORRENS PRIMARY PERFORMANCE

Earlier this term, we were invited to perform at the Torrens Primary School Fete. This was our biggest performance yet, with 8 of our athletes showing everyone their skills and this amazing sport!

Following our performance, we had a lot of engagement with the kids at the fete and even attracted one of our skippers - Sophie!

## ZOOTOPIA 2

This term we also held our first big fundraiser at Limelight Cinemas! We raised just under \$200 for our athletes and had the best time watching Zootopia 2! Thank you to everyone who came, it was lovely to meet our extended community!

## 10c CANS

We have raised over \$80 already from our 10c can drive! Great work team - keep those cans coming. We're so grateful and all funds are going directly back into the club.

# THIS TERM'S BIG WIN

The most obvious big win is how much our club has grown! We are so grateful for everyone's support and promotion of our club - whether that be at performances or through word-of-mouth. It's been a big year and what a great term to close it off.

Our less obvious big win has been our 10c cans fundraiser. We've loved hearing how people have been promoting the collection at work or, if you're Loki, dumpster diving for them at school. 🙌

## BLUEBELL'S FIRST YEAR

This year, Bluebell Skippers achieved more than we ever imagined: welcoming new kids into the sport, competing at our first State Championships, finalising our club uniform for ordering next year, and building a strong, family-focused community.

We shared our love of skipping through school programs and performances at Burgmann, Franklin, Torrens, and a Roller Derby game, and everyone came together for our Term 1 and Term 4 community BBQs.

## ATHLETE SHOUTOUT

This term we're celebrating **Brendan!**

He turns up to every training session with a positive attitude, always gives his best, and we absolutely love how much he enjoys creating freestyle routines. His improvement over the past year has been incredible and hasn't gone unnoticed. Well done Brendan, we can't wait to watch you compete next year!

PS: This emoji reminds us of him!
